DRY LAW VIOLATORS FINED $2,100

SEVEN PLEAD GUILTY WHEN ARRAIGNED IN POLICE COURT

Offenders Assessed Maximum Amount Under Provisions of Ordinance.

HEARINGS BEFORE MAYOR

Four More Defendants Will Face Charges This Afternoon.

Fines aggregating $2,100 were collected by Mayor J. S. Wilson Friday morning, when the proprietors and employes of five alleged soft drink establishments, arrested in a spectacular raid by police and federal officers Thursday afternoon, were arraigned in police court on charges of violating the city's prohibition enforcement ordinance.

The maximum fine of $300 was assessed against the following:

J. W. Patterson, proprietor of the Walsh soft drink establishment, East Sixth street; James McCarthy and Patrick Croxall, employes of the Walsh place; Thomas Cloran, proprietor of the Cloran place, East Sixth street; Joseph Horner, East Second street; John McFadden, Walnut street, and Ralph Anania, Market and Fourth streets.

Four others—Joseph Wolf, proprietor of a Diamond alley establishment; John Phillips, employed by Wolf; a man named Scott, employed by Thos. Cloran, and Lawrence Calder, proprietor of the old Senate cafe, Diamond alley—posted $300 bond each for their appearance before Mayor Wilson at 2:30 o'clock Friday afternoon.

The raid was one of the smoothest and most successful of its kind ever made in East Liverpool. Eight members of the East Liverpool police department and five federal officers, under command of Chief of Police Hugh McDermott, participated in the round-up. The raiding party assembled at city hall at 2 o'clock, divided into groups of two and swooped down upon the suspected soft drink places.

Not a slip-up occurred to mar the progress of the roundup. Each group of officers was given explicit instruction before leaving the city hall and a majority of the raids were made simultaneously, giving no time to spread the alarm.

In nearly every instance only a small quantity of liquor of a questionable nature was seized. The alleged bootlegging had evidently been carried on with extreme care, officers said.

Proprietors and employes of the places visited were taken to city hall Thursday afternoon, where they posted bonds of $300 each for their appearance in court Friday. The seven arraigned Friday morning entered pleas of guilty. Wolf, Phillips, Scott and Calder, who will appear Friday afternoon, have engaged counsel, it is

G.O.P. WOMEN PLAN TO ORGANIZE HARDING CLUB

Women Interested in Cause of Suffrage and Success of Republican Ticket Will Meet in Columbus Today.

By A. O. Hayward

MARION, O., July 16.—Ohio Republican women are organizing a "Harding-for-President club" to offset the effect of a recent statement issued by the militant suffrage organization at Washington, D. C., attacking Senator Harding, the Republican nominee, for alleged lukewarmness in support of suffrage.

The militants will be in Marion July 22 for the Harding otification ceremonies. Alice Paul, their leader, has secured from Senator Harding an agreement to grant her a conference early in the day at which she will present a demand that Harding insist on action by Vermont, or Connecticut, on the suffrage amendment before the November elections. Senator Harding will discuss the suffrage issue in his acceptance speech.

In the meantime, Ohio women are backing up Senator Harding who stated recently that the Republican party is responsible for the submission of the suffrage amendment and, no matter which may be the state to finish the ratification, actual accomplishment of suffrage should go to the credit of the Republican party. Mrs. C. C. Pavey, of Columbus, O., is president of the Ohio organization. Women interested in the cause of suffrage and in the success of the Republican ticket are asked to attend a preliminary meeting of the club at Columbus today.

"The club has for its object the triumph of Republican principles, believing the welfare of the country will be best served by the election of Harding and Coolidge," says Mrs. Pavey. "They represent all that is best in true Americanism, and in their election we predict a solution of the many problems now confronting the coun-

CHICAGO MEET BURIES THIRD PARTY HOPES

Most of Elements Seeking to Form Organization Go Home.

ENTHUSIASM DAMPENED

Parley Christensen Decides to Stick to Farmer-Labor Group.

BY GEORGE R. HOLMES

CHICAGO, July 15.—Hopes that a third party could be formed this year sufficiently formidable to cause worry to the two old parties were definitely buried in Chicago today.

Most of the elements which for a week here have been striving to bring such an organization into being were scattering to their homes today convinced that all chances have been lost, for this year at least. Some of them remained over, agitating the calling of a new convention of liberals. But their numbers are few and their enthusiasm considerably dampened.

The Committee of Forty Eight, which went into a coalition with the American Labor party and then came out again, will continue its life as a separate organization. Some of the Forty Eighters will stick to the "Farme-Labor" party coalition, but the great majority of them will not.

The future of the organization has been left with the national committee of which J. A. H. Hopkins of New Jersey, is chairman. He probably will call a meeting of the national body soon in order to map out the committee's future activities.

Parley Christensen, the Farmer-Labor nominee for the presidency, is en route to his home in Salt Lake City today. He sent back word by wire that regardless of what the Committee of Forty Eight did, he could not do otherwise than stick to the Labor group. Christensen was a Forty Eighted when the amalgamation was effected. The Forty Eighters, in the turbulent closing hours of their convention officially repudiated in part, their disastrous amalgamation with the Labor party. While not mentioning the Farmer-Labor party by name, the leaders brought in a report that the purposes of the committee—which is the formation of a new political party—had not been fully realized, and that the future policies of the organization would be directed by a national committee of 96 members.

NO COMFORMATION OF WAGE BOARD REPORT

CHICAGO, July 16.—No confirmation could be obtained here today to reports circulated to the effect that the wage award of the United States railroad labor board, scheduled to be handed down July 20, would grant pay boosts of from 5 to 12 cents an hour to the 1,850,000 railroad workers of the country. Officials of the board denied the truth of these reports and said that no announcement as to the award would be made until it is officially handed down.

FIGHTING CONTINUES DESPITE TRUCE MOVE

LONDON, July 16.—The soviet war office communique wireless from Moscow today shows that fighting is still in progress between the Russians and Poles despite the efforts of the allied statesmen at Spa to bring about an armistice. The text of the communique follows—

"In the Vilna sector we defeated the Poles southwest of the Vileika river. We drove back the enemy of Molodetchno. We are continuing our advance in the region of Vilna and also in the sectors of Searny and Kovel."

TROTSKY PROPOSES TO MARCH TO WARSAW

LONDON, July 16.—A radiogram picked up by a British government station and given out by the admiralty today, quoted Leon Trotzky, the Bolshevik war minister, as saying in an impassioned speech at a Moscow mass meeting:

"We will make peace with Poland only on the triumphal entry of our army into Warsaw."

G. O. P. CLUB LEADER TO VISIT HERE TONIGHT

Charles W. Montgomery of Newark, organizer of Republican clubs in the Eighteenth congressional district, will arrive in East Liverpool at 6:45 o'clock tonight en route to East Palestine, where he will address voters of Unity township. Mr. Montgomery will be taken overland to East Palestine by Patrick McNicol, Republican candidate for county commissioner, and will be accompanied by Attorney Ben L. Bennett, secretary of the County Republican central committee.

Attorney William H. Boyd of Cleveland, Wood delegate to the Chicago national Republican convention, will also speak at East Palestine.

M'CURDY PLANS ANOTHER PARTY

La Follette and Bryan May Be Nominees of "Liberal Party."

CHICAGO, July 16.—A new political party aborning today. Under the leadership of Allen McCurdy of New York and Judge Wray of Nebraska, some seventy members of the Committee of Forty Eight met to hold an indignation meeting because the committee had failed to name a national ticket and adopt its own platform.

The new party will be called the "Liberal Party" it was announced. It was voted to make the temporary organization permanent, to recess to hold a convention upon call of the executive committee and to bar from the organization all who may demand a socialistic or class party organization.

A platform was drafted and submitted to the meeting today and it was planned to issue a call for a convention within a short time. The committee voted to organize itself as a political party and to place a ticket in the field. Judge Wray was of the opinion that Senator La Follette could be secured to head the ticket and William Jennings Bryan was mentioned as the vice presidential candidate.

W. I. LEWIS TO RESIGN PLACE WITH CHAMBER OF COMMERCE

Accepts Proffer of Secretaryship at Newark, Ohio.

HERE FOR THREE YEARS

Resignation Will Be Tendered at Directors' Meeting Tonight.

W. Irving Lewis, secretary of the East Liverpool Chamber of Commerce will tender his resignation to the board of directors at the regular meeting Friday night, to accept a position as secretary-manager of the Newark, Ohio, Chamber of Commerce.

He stated that he had deferred wiring formal acceptance of the place with the Newark Chamber of Commerce pending the action of the board of directors on his resignation tonight. His resignation, if accepted, will take effect the middle of August when he plans to remove with his family to Newark.

Mr. Lewis accepted the position of secretary at the East Liverpool Chamber of Commerce nearly three years and a half ago. He came here from Clearfield, Pa., where he was secretary of the Y. M. C. A. He succeeded G. W. Hoover, first secretary of the local commercial organization. He was born and educated in Philadelphia, Pa., and has been engaged in organization work for nearly ten years.

During Mr. Lewis' tenure of office, the East Liverpool Chamber of Commerce has been placed upon a substantial basis with a membership of nearly 250. Finances of the Chamber of Commerce are in a healthy and flourishing condition, approximately $3,000 being in reserve at the present time.

Mr. Lewis has taken a prominent part in civic and community affairs during his stay here. He served in an executive capacity in practically every financial drive during the World War, speaking in the schools, theatres, churches and other places as a member of the East Liverpool Four Minute Men's organization. He also was a member of the federal food and fuel boards during the period of the emergency. He is at present a member of the board of directors of the Y. M. C. A., the Home Service committee of the East Liverpool Red Cross, treasurer of the Friendly Citizens' committee of the Interchurch World Movement, and treasurer of the Lincoln-American Alliance.

He is affiliated with the National Association of Commercial Organization Secretaries, and holds memberships in the East Liverpool lodges of the Elks and the Loyal Order of Moose.

In addition to serving in an exofficio capacity on many Chamber of Commerce committees, Mr. Lewis promoted and conducted a Business Science club at the Y.M.C.A. and staged weekly noonday membership luncheons at the Y.M.C.A. He was active in the re-establishment of the two municipal playgrounds this year.

The Newark Chamber of Commerce has a membership of more than 800. It is the principal civic organization in the city which has a population of 35,000. The position of secretary-manager in the Newark organization carries a substantial increase over Mr. Lewis' salary here.

DRYS WILL DEMAND THAT GOV. COX SHOW HIS HAND

Anti-Saloon League Leaders Will Ask Democratic Nominee to Outline His Position on Volstead Act.

By Albert F. Baenziger

COLUMBUS, O., July 16.—The little brown jug is likely to assume big proportions here next week. So large in fact that it now appears Governor James M. Cox, Democratic presidential nominee, will have considerable difficulty in getting around it. Perley Baker, general superintendent of the National Anti-Saloon League, has called a meeting here on July 22 of the leaders from all over the country and it is believed the dry forces will insist the candidate make his position clear on what he intends to do with the Volstead act in the event of election.

Allegations from eastern prohibitionists to the effect that Governor Cox will lend his aid in loosening up the eighteenth amendment to permit the manufacture of beer and wines under the guise of state rights, still fail to bring any answer from the candidate. Congress from the same source that he owes his nomination to the liquor interests make Governor Cox mad, but do not loosen his tongue. It is definitely known that he will not permit the officers of the league to dictate what his political policy shall be. He has maintained this was a matter that would be taken up in the national committee meeting next Tuesday before he would say one word on it. His statement in Middletown of his belief in the full enforcement of the law in the only encouragement the dry forces have had on the other hand he has maintained that the voting power abroad during the war ought to have had an opportunity to register their wishes on the Volstead act.

Full power of the National Woman's party will be brought to bear on the candidate today when Alice Paul leads her delegation to the state house to urge Governor Cox's support in the ratification by the Tennessee legislature of the suffrage amendment.

CALL FOR PEACE IN THREATENED "OIL WAR"

LONDON, July 16.—A call for peace in the threatened internatjonal "oil war" was sounded today by Francis E. Powell, chairman of the Anglo-American Oil company. Mr. Powell's views are considered especially significant in view of the recent statement of the Daily Express that British oil interests are planning to invade America and fight the Stndard Oil on her own doorstep. Asked how the difficulty in Mexico might affect the big supplies of American oil which are being delivered here Mr. Powell said.

CRITICIZE MANAGEMENT OF KENT NORMAL SCHOOL

COLUMBUS, July 16.—Severe criticism of the management and operation of the state normal school at Kent, and charges of irregularities, jealousy and lack of co-operation between President McGilverie and faculty members feature a report, made public today by State Auditor Donahey, covering inspection of the school records by State evaminers. The report recommends a general re-organization of the school.

That secret sessions were held with faculty members by a former member of the board of trustees who sought to carry out plans which he didn't have the courage to put through when a member, is a claim made in the report.

Settle Water Works Strike

NEWARK, O., July 16.—The municipal water works strike here has been settled. Director J. S. Gilicrist stated this morning that the old force resigned and a new force was put to work in their places.

RECEPTION FOR C. OF C. ENVOY

Chamber of Commerce and Potters to Honor W. E. Wells.

Tentative plans are being laid for at least two receptions for W. E. Wells, secretary of the Homer Laughlin China company who will return home within the next few days from Europe where he represented the East Liverpool Chamber of Commerce at the organization meeting of the International Chamber of Commerce at Paris the middle of June.

The Chamber of Commerce, of which Mr. Wells is national councellor, will likely stage a banquet at the Y. M. C. A. or some other suitable place in honor of Mr. Wells. A report of his visit abroad will be submitted by Mr. Wells at the function.

The United States Potters' association is also planning a reception for Mr. Wells.

Mr. Wells sailed for home on the steamer Finland, leaving Southampton, England, July 7.

COX WILL GO TO WASHINGTON ON SATURDAY

Democratic Nominee Will Be Accompanied by George White.

TO VISIT ANSBERRY

Governor Will Confer With President Wilson Sunday Morning.

By FRANK A. STETSON.

WASHINGTON, July 16. — Gov. James M. Cox, Democratic nominee for president, will arrive in Washington at 1:20 Saturday afternoon for his conference with President Wilson at the white house Sunday morning.

The candidate will be accompanied by George White of Ohio, one of his campaign managers, and will be the guest while here of Judge Timothy T. Ansberry. Judge Ansberry has long been one of Gov. Cox's most enthusiastic supporters and as a member of the District of Columbia delegation at San Francisco, had the honor of placing Franklin D. Roosevelt in nomination as the governor's running mate.

Judge Ansberry said today that no detailed plans had been made for Gov. Cox's reception. He will remain quietly at the Ansberry home until the time of his conference with President Wilson, but it is expected that the Ansberry residence will be besieged by prominent Democrats wishing to greet the candidate and assure him of their support. All will be welcome, but no attempt will be made to hold a public reception.

Little is being said at the white house about the forthcoming conference, but whenever the subject is broached officials wax mysterious and hint that the result will be extremely disconcerting to those prophets of the press that have been circulating stories of wide differences of opinion between the candidate and the president. It was stated positively today at the executive mansion that President Wilson is showing the keenest interest in the coming campaign and is looking forward with great interest

By FRANK A. STETSON.

WASHINGTON, July 16. — Gov. James M. Cox, Democratic nominee for president, will arrive in Washington at 1:20 Saturday afternoon for his conference with President Wilson at the white house Sunday morning.

The candidate will be accompanied by George White of Ohio, one of his campaign managers, and will be the guest while here of Judge Timothy T. Ansberry. Judge Ansberry has long been one of Gov. Cox's most enthusiastic supporters and as a member of the District of Columbia delegation at San Francisco, had the honor of placing Franklin D. Roosevelt in nomination as the governor's running mate.

Judge Ansberry said today that no detailed plans had been made for Gov. Cox's reception. He will remain quietly at the Ansberry home until the time of his conference with President Wilson, but it is expected that the Ansberry residence will be besieged by prominent Democrats wishing to greet the candidate and assure him of their support. All will be welcome, but no attempt will be made to hold a public reception.

Little is being said at the white house about the forthcoming conference, but whenever the subject is broached officials wax mysterious and hint that the result will be extremely disconcerting to those prophets of the press that have been circulating stories of wide differences of opinion between the candidate and the president. It was stated positively today at the executive mansion that President Wilson is showing the keenest interest in the coming campaign and is looking forward with great interest

DRY LAW VIOLATORS FINED $2,100

SEVEN PLEAD GUILTY WHEN ARRAIGNED IN POLICE COURT

Offenders Assessed Maximum Amount Under Provisions of Ordinance.

HEARINGS BEFORE MAYOR

Four More Defendants Will Face Charges This Afternoon.

Fines aggregating $2,100 were collected by Mayor J. S. Wilson Friday morning, when the proprietors and employes of five alleged soft drink establishments, arrested in a spectacular raid by police and federal officers Thursday afternoon, were arraigned in police court on charges of violating the city's prohibition enforcement ordinance.

The maximum fine of $300 was assessed against the following:

J. W. Patterson, proprietor of the Walsh soft drink establishment, East Sixth street; James McCarthy and Patrick Croxall, employes of the Walsh place; Thomas Cloran, proprietor of the Cloran place, East Sixth street; Joseph Horner, East Second street; John McFadden, Walnut street, and Ralph Anania, Market and Fourth streets.

Four others—Joseph Wolf, proprietor of a Diamond alley establishment; John Phillips, employed by Wolf; a man named Scott, employed by Thos. Cloran, and Lawrence Calder, proprietor of the old Senate cafe, Diamond alley—posted $300 bond each for their appearance before Mayor Wilson at 2:30 o'clock Friday afternoon.

The raid was one of the smoothest and most successful of its kind ever made in East Liverpool. Eight members of the East Liverpool police department and five federal officers, under command of Chief of Police Hugh McDermott, participated in the round-up. The raiding party assembled at city hall at 2 o'clock, divided into groups of two and swooped down upon the suspected soft drink places.

Not a slip-up occurred to mar the progress of the roundup. Each group of officers was given explicit instruction before leaving the city hall and a majority of the raids were made simultaneously, giving no time to spread the alarm.

In nearly every instance only a small quantity of liquor of a questionable nature was seized. The alleged bootlegging had evidently been carried on with extreme care, officers said.

Proprietors and employes of the places visited were taken to city hall Thursday afternoon, where they posted bonds of $300 each for their appearance in court Friday. The seven arraigned Friday morning entered pleas of guilty. Wolf, Phillips, Scott and Calder, who will appear Friday afternoon, have engaged counsel, it is

G.O.P. WOMEN PLAN TO ORGANIZE HARDING CLUB

Women Interested in Cause of Suffrage and Success of Republican Ticket Will Meet in Columbus Today.

By A. O. Hayward

MARION, O., July 16.—Ohio Republican women are organizing a "Harding-for-President club" to offset the effect of a recent statement issued by the militant suffrage organization at Washington, D. C., attacking Senator Harding, the Republican nominee, for alleged lukewarmness in support of suffrage.

The militants will be in Marion July 22 for the Harding otification ceremonies. Alice Paul, their leader, has secured from Senator Harding an agreement to grant her a conference early in the day at which she will present a demand that Harding insist on action by Vermont, or Connecticut, on the suffrage amendment before the November elections. Senator Harding will discuss the suffrage issue in his acceptance speech.

In the meantime, Ohio women are backing up Senator Harding who stated recently that the Republican party is responsible for the submission of the suffrage amendment and, no matter which may be the state to finish the ratification, actual accomplishment of suffrage should go to the credit of the Republican party. Mrs. C. C. Pavey, of Columbus, O., is president of the Ohio organization. Women interested in the cause of suffrage and in the success of the Republican ticket are asked to attend a preliminary meeting of the club at Columbus today.

"The club has for its object the triumph of Republican principles, believing the welfare of the country will be best served by the election of Harding and Coolidge," says Mrs. Pavey. "They represent all that is best in true Americanism, and in their election we predict a solution of the many problems now confronting the coun-

W. I. LEWIS TO RESIGN PLACE WITH CHAMBER OF COMMERCE

Accepts Proffer of Secretaryship at Newark, Ohio.

HERE FOR THREE YEARS

Resignation Will Be Tendered at Directors' Meeting Tonight.

W. Irving Lewis, secretary of the East Liverpool Chamber of Commerce will tender his resignation to the board of directors at the regular meeting Friday night, to accept a position as secretary-manager of the Newark, Ohio, Chamber of Commerce.

He stated that he had deferred wiring formal acceptance of the place with the Newark Chamber of Commerce pending the action of the board of directors on his resignation tonight. His resignation, if accepted, will take effect the middle of August when he plans to remove with his family to Newark.

Mr. Lewis accepted the position of secretary at the East Liverpool Chamber of Commerce nearly three years and a half ago. He came here from Clearfield, Pa., where he was secretary of the Y. M. C. A. He succeeded G. W. Hoover, first secretary of the local commercial organization. He was born and educated in Philadelphia, Pa., and has been engaged in organization work for nearly ten years.

During Mr. Lewis' tenure of office, the East Liverpool Chamber of Commerce has been placed upon a substantial basis with a membership of nearly 250. Finances of the Chamber of Commerce are in a healthy and flourishing condition, approximately $3,000 being in reserve at the present time.

Mr. Lewis has taken a prominent part in civic and community affairs during his stay here. He served in an executive capacity in practically every financial drive during the World War, speaking in the schools, theatres, churches and other places as a member of the East Liverpool Four Minute Men's organization. He also was a member of the federal food and fuel boards during the period of the emergency. He is at present a member of the board of directors of the Y. M. C. A., the Home Service committee of the East Liverpool Red Cross, treasurer of the Friendly Citizens' committee of the Interchurch World Movement, and treasurer of the Lincoln-American Alliance.

He is affiliated with the National Association of Commercial Organization Secretaries, and holds memberships in the East Liverpool lodges of the Elks and the Loyal Order of Moose.

In addition to serving in an ex-officio capacity on many Chamber of Commerce committees, Mr. Lewis promoted and conducted a Business Science club at the Y.M.C.A. and staged weekly noonday membership luncheons at the Y.M.C.A. He was active in the re-establishment of the two municipal playgrounds this year.

The Newark Chamber of Commerce has a membership of more than 800. It is the principal civic organization in the city which has a population of 35,000. The position of secretary-manager in the Newark organization carries a substantial increase over Mr. Lewis' salary here.

DRYS WILL DEMAND THAT GOV. COX SHOW HIS HAND

Anti-Saloon League Leaders Will Ask Democratic Nominee to Outline His Position on Volstead Act.

By Albert F. Baenziger

COLUMBUS, O., July 16.—The little brown jug is likely to assume big proportions here next week. So large in fact that it now appears Governor James M. Cox, Democratic presidential nominee, will have considerable difficulty in getting around it. Perley Baker, general superintendent of the National Anti-Saloon League, has called a meeting here on July 22 of the leaders from all over the country and it is believed the dry forces will insist the candidate make his position clear on what he intends to do with the Volstead act in the event of election.

Allegations from eastern prohibitionists to the effect that Governor Cox will lend his aid in loosening up the eighteenth amendment to permit the manufacture of beer and wines under the guise of state rights, still fail to bring any answer from the candidate. Congress from the same source that he owes his nomination to the liquor interests make Governor Cox mad, but do not loosen his tongue. It is definitely known that he will not permit the officers of the league to dictate what his political policy shall be. He has maintained this was a matter that would be taken up in the national committee meeting next Tuesday before he would say one word on it. His statement in Middletown of his belief in the full enforcement of the law in the only encouragement the dry forces have had on the other hand he has maintained that the voting power abroad during the war ought to have had an opportunity to register their wishes on the Volstead act.

Full power of the National Woman's party will be brought to bear on the candidate today when Alice Paul leads her delegation to the state house to urge Governor Cox's support in the ratification by the Tennessee legislature of the suffrage amendment.

TREMBLER JARS BUILDINGS ON PACIFIC COAST; NO CASUALTIES

Structures Rocked From Foundation to Roof by Shock.

FLEE FROM SKYSCRAPERS

Hardest Shock in Years, Say Residents; No Damage Reported.

LOS ANGELES, Cal., July 16—A severe earthquake shook Los Angeles this morning at 10:08.

The trembler, which was the hardest shock felt here in years, according to those who felt it, came like the sharp jar of a terrific explosion. Buildings were shaken and jarred from foundation to roof. Thousands of people in the down town skyscrapers dashed for the elevators and the stairs and poured out into the streets.

For a moment the city was in confusion but realization that no damage was done and that danger was past, restored order.

CHICAGO MEET BURIES THIRD PARTY HOPES

Most of Elements Seeking to Form Organization Go Home.

ENTHUSIASM DAMPENED

Parley Christensen Decides to Stick to Farmer-Labor Group.

BY GEORGE R. HOLMES

CHICAGO, July 15.—Hopes that a third party could be formed this year sufficiently formidable to cause worry to the two old parties were definitely buried in Chicago today.

Most of the elements which for a week here have been striving to bring such an organization into being were scattering to their homes today convinced that all chances have been lost, for this year at least. Some of them remained over, agitating the calling of a new convention of liberals. But their numbers are few and their enthusiasm considerably dampened.

The Committee of Forty Eight, which went into a coalition with the American Labor party and then came out again, will continue its life as a separate organization. Some of the Forty Eighters will stick to the "Farmer-Labor" party coalition, but the great majority of them will not.

The future of the organization has been left with the national committee of which J. A. H. Hopkins of New Jersey, is chairman. He probably will call a meeting of the national body soon in order to map out the committee's future activities.

Parley Christensen, the Farmer-Labor nominee for the presidency, is en route to his home in Salt Lake City today. He sent back word by wire that regardless of what the Committee of Forty Eight did, he could not do otherwise than stick to the Labor group. Christensen was a Forty Eighted when the amalgamation was effected. The Forty Eighters, in the turbulent closing hours of their convention officially repudiated in part, their disastrous amalgamation with the Labor party. While not mentioning the Farmer-Labor party by name, the leaders brought in a report that the purposes of the committee—which is the formation of a new political party—had not been fully realized, and that the future policies of the organization would be directed by a national committee of 96 members.

Senator Harding issued a statement yesterday to the effect that the organization of a third party and the placing of a third national ticket in the field will not change the campaign plans of the Republicans. He said that the Republican party had offered to the judgment of the voters a sound and progressive platform which, he believed, would commend itself to all classes.

The platform emphasized the Lincoln principle of a "government of the people, by the people, for the people," the senator stated, and its pledge must meet the approval of farmers, labor, merchants and the people generally. It is on such a platform that the Republican nominees stand and the senator said he had no doubt as to the verdict to be given by the voters.

BIG SLUMP IN WHEAT MARKET

CHICAGO, July 16.—As the result of exporters lowering their bids for wheat eight cents at the seaboard, December wheat took a sensational slump on the Chicago board of trade today.

At one time during the session December wheat was down as much as 14*c. It recovered four cents before the close.

Corn and oats broke at the opening in sympathy with wheat, but rallied and finished the day above yesterday's close.

Price of medium grade spring wheat were lowered five cents at Minneapolis. One of the biggest cash grain houses in the middle west said the edge was definitely off the export demand for wheat and the seaboard claimed it was getting the wheat at the lower price. Adivces here toward the close were that the break was cutting down offerings. New York reported the first big day's business with the interior on the basis of $3, prompt shipment; $2.98 by July 28; $2.95 for first half of August and $2.90 all August shipments.

GERMANS FILE NEW COUNTER PROPOSALS ON COAL DEMANDS

Answer of Allied Premiers Will Be Given Late Today.

GRANT TIME EXTENSION

Confusion and Mystery Surround Discussion at Spa.

BY NEWTON C. PARKE.

SPA, Belgium, July 16.—New counter proposals dealing with the delivery of coal by Germany to the allies were presented to the allied statesmen by the German delegation early today. They were considered at a meeting of the allied premiers during the morning, when separate conferences were held by the allied and German statesmen.

Premier De La Croix of Belgium, presiding officer at the Spa conference, announced that the Germans would be called in at 4 o'clock this afternoon to give their final answer to the allies. The original plan had called for a joint session of the allied and German delegates at noon.

After the meeting of the allied premiers broke up, it was announced that the new German counter plan had been refused. A fresh proposal providing for the acceptance of German coal at the German market price was then presented to the Germans. The allied statesmen were said to be in complete agreement that the military occupation of Germany would be extended to the Ruhr basin if Germany delivers less than 6,000,000 tons of coal before Nov. 1. Premier De La Croix of Belgium said that Germany must give a final decision before the day is over.

Confusion and some mystery have surrounded the coal discussions since Wednesday night ,when it was reported that the Germans, under the threat of an allied ultimatum decided to accept the allies' terms providing for the delivery of 2,000,000 tons of coal monthly. The allied ultimatum was said to have threatened to occupy the Ruhr district unless the Germans accepted the allied terms by noon Thursday. The Germans in the meantime made a counter offer to the allies, accepting the allied terms under certain conditions. It was declared last night that the Germans had again been given an extension of time until noon today, to accept the allies' terms. Then followed the latest development—the new counter offer by the Germans early today. There are inudications that dissensions have developed in the German delegation over the allied coal proctocol which may have influenced the allies in granting the Teutons more time for discussions among themselves.

The talk of an ultimatum has also dwindled since Thursday morning and Dr. Wlter von Simons, the German foreign secretary, denied that any ultimatum had been handed the Teutonic delegation.

The prohibition enforcement ordinance, passed in East Liverpool shortly after statewide prohibition became effective, has already earned the city $3,600 in fines, while an additional $1,200 will be added if the four afternoon cases terminate in the city's favor.

Thursday's raid is the third sally against violators of constitutional prohibition made in East Liverpool within the last two weeks. A huge quantity of raisin jack and unfinished liquor ingredients were seized in a raid on a "three cylinder" still in West Church alley. Ten barrels of "Dago Red" fell into police hands when the home of Mrs. Amamuri Bolyons was raided in Mapletree street, East End, last week.

BIG SLUMP IN WHEAT MARKET

CHICAGO, July 16.—As the result of exporters lowering their bids for wheat eight cents at the seaboard, December wheat took a sensational slump on the Chicago board of trade today.

At one time during the session December wheat was down as much as 14*c. It recovered four cents before the close.

Corn and oats broke at the opening in sympathy with wheat, but rallied and finished the day above yesterday's close.

Price of medium grade spring wheat were lowered five cents at Minneapolis. One of the biggest cash grain houses in the middle west said the edge was definitely off the export demand for wheat and the seaboard claimed it was getting the wheat at the lower price. Adivces here toward the close were that the break was cutting down offerings. try. We are going in full strength to Marion on notification day to offer our services to Senator Harding regardless of whether we vote or do not vote. We have brothers, fathers, husbands and others who will vote, and votes for Harding and Coolidge are what we are striving for."

Senator Harding issued a statement yesterday to the effect that the organization of a third party and the placing of a third national ticket in the field will not change the campaign plans of the Republicans. He said that the Republican party had offered to the judgment of the voters a sound and progressive platform which, he believed, would commend itself to all classes.

The platform emphasized the Lincoln principle of a "government of the people, by the people, for the people," the senator stated, and its pledge must meet the approval of farmers, labor, merchants and the people generally. It is on such a platform that the Republican nominees stand and the senator said he had no doubt as to the verdict to be given by the voters.

GERMANS FILE NEW COUNTER PROPOSALS ON COAL DEMANDS

Answer of Allied Premiers Will Be Given Late Today.

GRANT TIME EXTENSION

Confusion and Mystery Surround Discussion at Spa.

BY NEWTON C. PARKE.

SPA, Belgium, July 16.—New counter proposals dealing with the delivery of coal by Germany to the allies were presented to the allied statesmen by the German delegation early today. They were considered at a meeting of the allied premiers during the morning, when separate conferences were held by the allied and German statesmen.

Premier De La Croix of Belgium, presiding officer at the Spa conference, announced that the Germans would be called in at 4 o'clock this afternoon to give their final answer to the allies. The original plan had called for a joint session of the allied and German delegates at noon.

After the meeting of the allied premiers broke up, it was announced that the new German counter plan had been refused. A fresh proposal providing for the acceptance of German coal at the German market price was then presented to the Germans. The allied statesmen were said to be in complete agreement that the military occupation of Germany would be extended to the Ruhr basin if Germany delivers less than 6,000,000 tons of coal before Nov. 1. Premier De La Croix of Belgium said that Germany must give a final decision before the day is over.

Confusion and some mystery have surrounded the coal discussions since Wednesday night ,when it was reported that the Germans, under the threat of an allied ultimatum decided to accept the allies' terms providing for the delivery of 2,000,000 tons of coal monthly. The allied ultimatum was said to have threatened to occupy the Ruhr district unless the Germans accepted the allied terms by noon Thursday. The Germans in the meantime made a counter offer to the allies, accepting the allied terms under certain conditions. It was declared last night that the Germans had again been given an extension of time until noon today, to accept the allies' terms. Then followed the latest development—the new counter offer by the Germans early today. There are inudications that dissensions have developed in the German delegation over the allied coal proctocol which may have influenced the allies in granting the Teutons more time for discussions among themselves.

The talk of an ultimatum has also dwindled since Thursday morning and Dr. Wlter von Simons, the German foreign secretary, denied that any ultimatum had been handed the Teutonic delegation.

The prohibition enforcement ordinance, passed in East Liverpool shortly after statewide prohibition became effective, has already earned the city $3,600 in fines, while an additional $1,200 will be added if the four afternoon cases terminate in the city's favor.

Thursday's raid is the third sally against violators of constitutional prohibition made in East Liverpool within the last two weeks. A huge quantity of raisin jack and unfinished liquor ingredients were seized in a raid on a "three cylinder" still in West Church alley. Ten barrels of "Dago Red" fell into police hands when the home of Mrs. Amamuri Bolyons was raided in Mapletree street, East End, last week.

RAIDING PARTY MAKES ROUNDS

One Man Arrested on Charge of Violating Prohibition Law by Police and Federal Officers.

Following in the wake of wholesale liquor raids in East Liverpool yesterday afternoon, in which eight offenders were arrested, prohibition officers, headed by H. S. Dyer of Youngstown, accompanied by Chief of Police John Reil and members of the local police force, conducted an investigation of alleged "booze joints" here last night. One man, J. Boloney, an Italian of Third street ,was arrested.

Three of the prohibition officers joined forces with the local authorities in the investigation. Half the force searched soft drink emporiums in Third street and the eastern end of the city, while the remainder of the police and prohibition officers made their investigation in the central and western sections of the city.

At Boloney's place, a gallon and a half of "raisin jack" was discovered by the police. A charge of keeping a place where intoxicating liquors are dispensed was placed against the proprietor. Boloney will be given a hearing before Mayor Ingram, according to the prohibition officials, at which he will be given an opportunity to plead guilty. In the event that the case is not settled in police court here, it will be carried to federal court.

The investigation here was a complete surprise. The prohibition officers quietly made the rounds of the suspected places, beginning at about 9:30 o'clock last night. Over half a dozen places were visited by the police.

In addition to the three prohibition officers Chief of Police Reil, and Patrolman Newton, Baker and Cole took part in the investigation.

TAD IN YACHT EDITOR'S ROLE

Famous Humorist's Story of Resolute-Shamrock Race for Cup.

By TAD.

NE WYORK, July 16.—A yachting editor only works about once in 17 years, but when he works he works. He's a literary earthquake.

Yesterday I was a yachting editor. Climbed out of the hay at 6 a. m., put on the feed bag in a bum dump, grabbed the stilt line down to the Battery and boarded the old newspaper tug at 8 in a werry werry wet rain storm.

We scooted down the bay towards Sandy Hook and ran right up to the Shamrock. Pretty little thing! Pea-green hull and crew all in white. Oh, pretty, pretty!

About a mile away towards the shore was the Resolute with hull painted white and looking like a toy boat.

On our boat the hooch-hounds were busy at 9 o'clock hunting up the wet spots. One guy had snake cure and had more birds after him than Nickey Arnstein ever had.

The experts told us that the Shamrock "broke out" with her jib topsail. It's a great game, that yachting.

They say it's the real sport of kings. It's tough the kings are dying out so fast.

We were trailing the yachts and wondering who was ahead. They looked to be on even terms, but the experts told us to the second how far the Shamrock was behind. It's a gift.

As the scribes were putting on the feed bag the gaff of the Resolute broke. The gaff is the thing—it's that—. Better look it up in a book. Pictures speak louder than words.

You know most of the scribes were saps. The only boats most of them had ever seen were the chute boats at Coney Island. The experts got away with murder.

Bucyrus—S. E. Shearer, conductor on the south and local freight of the Toledo & Ohio Central, did not object to getting laid out by freights unable to get through into the Toledo yards. He passed the time picking wild strawberries along the right of way.

Columbus—The eight-hour schedule is to supplant the 10-hour day and the 12-hour night schedules at Protestant hospital here. The change in the working hours of student and graduate nurses is designed to encourage young women to enter the nursing profession.

Cincinnati — Twenty-four fire bells are for sale here.

Announcement has been made by Safety Director Charles E. Tudor that he has 24 bronze bells which have been taken off of engine houses, due to discontinuing the ringing of fire bells. Director Tudor believes these bells are adapted for churches.

RAIDING PARTY MAKES ROUNDS

One Man Arrested on Charge of Violating Prohibition Law by Police and Federal Officers.

Following in the wake of wholesale liquor raids in East Liverpool yesterday afternoon, in which eight offenders were arrested, prohibition officers, headed by H. S. Dyer of Youngstown, accompanied by Chief of Police John Reil and members of the local police force, conducted an investigation of alleged "booze joints" here last night. One man, J. Boloney, an Italian of Third street ,was arrested.

Three of the prohibition officers joined forces with the local authorities in the investigation. Half the force searched soft drink emporiums in Third street and the eastern end of the city, while the remainder of the police and prohibition officers made their investigation in the central and western sections of the city.

At Boloney's place, a gallon and a half of "raisin jack" was discovered by the police. A charge of keeping a place where intoxicating liquors are dispensed was placed against the proprietor. Boloney will be given a hearing before Mayor Ingram, according to the prohibition officials, at which he will be given an opportunity to plead guilty. In the event that the case is not settled in police court here, it will be carried to federal court.

The investigation here was a complete surprise. The prohibition officers quietly made the rounds of the suspected places, beginning at about 9:30 o'clock last night. Over half a dozen places were visited by the police.

In addition to the three prohibition officers Chief of Police Reil, and Patrolman Newton, Baker and Cole took part in the investigation.

Police are dragging the Ohio river at Steubenville in the hope of finding the body of Miss Florence Kirkpatrick, aged 17, a student of the Steubenville business college, who is believed to have committed suicide by jumping into the river as a result of despondency over her failure to pass examinations.

The girl had been staying with Mr. and Mrs. Thomas McCullough of that city while attending school and disappeared from the house Wednesday night. When her room was searched a note was found addressed to Mrs. McCullough which read as follows: "I have failed in my studies and I can't bear to face you people. The only way to settle the matter is to kill myself. The easiest death I know of is drowning. Goodby." It was signed "Florence Kirkpatrick."

TAD IN YACHT EDITOR'S ROLE

Famous Humorist's Story of Resolute-Shamrock Race for Cup.

By TAD.

NE WYORK, July 16.—A yachting editor only works about once in 17 years, but when he works he works. He's a literary earthquake.

Yesterday I was a yachting editor. Climbed out of the hay at 6 a. m., put on the feed bag in a bum dump, grabbed the stilt line down to the Battery and boarded the old newspaper tug at 8 in a werry werry wet rain storm.

We scooted down the bay towards Sandy Hook and ran right up to the Shamrock. Pretty little thing! Pea-green hull and crew all in white. Oh, pretty, pretty!

About a mile away towards the shore was the Resolute with hull painted white and looking like a toy boat.

On our boat the hooch-hounds were busy at 9 o'clock hunting up the wet spots. One guy had snake cure and had more birds after him than Nickey Arnstein ever had.

The experts told us that the Shamrock "broke out" with her jib topsail. It's a great game, that yachting.

They say it's the real sport of kings. It's tough the kings are dying out so fast.

We were trailing the yachts and wondering who was ahead. They looked to be on even terms, but the experts told us to the second how far the Shamrock was behind. It's a gift.

As the scribes were putting on the feed bag the gaff of the Resolute broke. The gaff is the thing—it's that—. Better look it up in a book. Pictures speak louder than words.

You know most of the scribes were saps. The only boats most of them had ever seen were the chute boats at Coney Island. The experts got away with murder.

Bucyrus—S. E. Shearer, conductor on the south and local freight of the Toledo & Ohio Central, did not object to getting laid out by freights unable to get through into the Toledo yards. He passed the time picking wild strawberries along the right of way.

Columbus—The eight-hour schedule is to supplant the 10-hour day and the 12-hour night schedules at Protestant hospital here. The change in the working hours of student and graduate nurses is designed to encourage young women to enter the nursing profession.

Cincinnati — Twenty-four fire bells are for sale here.

ENFORCEMENT OF PROHIBITION LAW.

Raids made in East Liverpool yesterday afternoon by the police department, assisted by federal officers, in an effort to clean up suspected illicit liquor places, shows the authorities are determined to rigidly enforce the provisions of the prohibition measure putting a ban on the manufacture or sale of intoxicating liquor as a beverage.

As a result of the clean-up, eight alleged violators of the city's prohibition enforcement ordinance, the constitutionality of which was recently upheld by the supreme court, will face Mayor J. S. Wilson in police court today. And if convictions result, fines assessed will revert to the city treasury instead of going to the state or federal government which would be the case but for the foresight of the city's legal department and council in enacting an enforcement ordinance.

Thursday's raid came as no surprise, for it had been suspected for sometime that an illicit traffic in liquor was being conducted here. However, suspicion and hearsay do not convict offenders. And a police officer, in uniform, has less chance of getting evidence of violations than a stranger. So the expedient of seeking the co-operation of prohibition inspectors in obtaining evidence aginst suspected violators was adopted. A two-week investigation was followed by a raid.

If any laxity prevailed in the enforcement of prohibition throughout the country, the supreme court decision on the amendment did away with it. The court abolished all uncertainty by declaring:

"That amendment by lawful purpose and ratification has become a part of the constitution, and must be respected and given effect the same as other provisions of that constitution."

Backed up by this ruling, together with the decision that Congress, in the Volstead act, has not gone beyond its powers in prescribing how the amendment shall operate, and that the one-half of one per cent rule is therefore just as binding on every part of the country, and every individual in it, as is the amendment itself, federal, state, county and municipal authorities everywhere have been especially active during the past several weeks. And as a rsult, there has been real enforcemnt.

U. S. COMMERCE IN THE PHILIPPINES.

An American Chamber of Commerce has been established recently in the Philippines. This is a purely American body organized for the purpose of developing and protecting American trade in the islands and the Far East, providing for convenient exchange of ideas, promoting the resources of the islands and cultivating friendly relations between Americans and orientals. Its membership is limited to American citizens of unqualified loyalty to the United States.

The establishment of this organization, says the United States Trade Commissioner for the Far East, is a very important forward step in our international commercial relations. In the past Americans have paid too little attention to the resources of the Philippines and have ignored their importance as a source of supply for some of our most needed tropical products. Coconut oil, hemp and rubber are among the most valuable materials which the Philippines have to offer us. But there are other possibilities which the short-sightedness of American business has failed to note in the past. The present annual sugar production is only 300,000 tons. It is perfectly possible, with the right kind of financial support and an adequate labor supply, to increase this output to 600,000 tons, and experts say that the Philippine production might even reach 1,000,000 tons—the present Cuban output.

Tapioca, sago, gums, tanbarks, gutta percha, camphor, cinnamon, cacao and other products are to be had in abundance simply for the application of enterprise and capital. This country has done much for Philippine education, but it has remained indifferent to the economic development of the islands.

The establishment of the American Chamber of Commerce should mark the beginning of a new period, not of selfish exploitation of Philippine resources by American business, but of co-operation and mutual benefit through the development of that region's natural resources.

TRADE WITH RUSSIA.

Now that the United States government has lifted the commercial blockade against Russia, anybody who is so inclined, and can find a ship bound for Russia, and pay the transportation, is free to send goods into that country.

He will have to rely entirely on his own resources. As long as the unrecognizable Russian government remains unrecognized, the United States government cannot provide the usual accommodations of passports and mail and consular service. The risk is obviously a big one, especially after the goods reach Russia. If the exporter is so lucky as not to have them confiscated by the Bolshevist government, he will probably have them stolen by somebody else. Transportation in Russia is demoralized. From that cause alone the chances of goods consigned to interior points arriving at their destination is pretty slim. And if the consignee receives them safely, there remains the problem of payment. Will they be paid for in gold, hard gold, or in the paper that passes for money in Russia but nowhere else? And if in gold, how is the gold to reach the seller in America?

The main trouble with flivvers is not that they are flivvers, but that so many of them seem to think they can push street cars off the track and knock trucks into the next county.

The German chancellor says he will make no pledges he can't keep. That's all right; but all the Allies want him to do is to keep the pledges already made.

NEW YORK LETTER

By O. O. McINTYRE

NEW YORK, July 16.—The fire escapes in the tenement districts are now bulging with balloon like bedding. Hokey-pokey ice cream men are reaping their harvest of pennies. The evening arrival of the street washers is hailed with rare enthusiasm. Sweltering humid nights have come to the East Side. The pungent smell of sun on asphalt clings all through the long torrid evenings.

Dawn reveals row after row of naked babies, half clad men and women who have lost all sense of modesty in common suffering. Old men sit out at the curb in pillowed chairs all night long fanning until they nod from sheer exhaustion. Children of 9 and 10 run about clad only in the familiar loin cloths of the South Sea savages.

There are no childish whoops in the slums in hot weather. A languor affects the young and old. The carols of the hurdy-gurdy fall on unheeding ears. Tony, the ice man in his dank cellar hovel is the tenement summer idol. For Tony may press his own wares to a heated brow and find surcease. And no wonder Tony is such an idol for in the winter he sells coal by the bucket.

Coal and ice are slum luxuries. The slum folk look forward to that little bit of heaven that comes now and then—charity trips to Coney Island. It gives them something to talk about the rest of the summer. If little Maggie has been to the seashore twice in a season she is regarded with the same light of admiration that is bestowed upon the wearer of a million dollar necklace on Fifth avenue. It is something to brag about.

All the heads are closely clipped. It costs a dime to have the hair closely clipped at The Clippery run by an enterprising Italian on Delancey St. When the first hot days come a line forms several blocks long and even a few of the girls sacrifice their curls to keep cool.

They caught Chick-a-dee the other day on a Broadway subway express train. He had while reading a newspaper lifted a pearl stick pin from a Wall Street magnate and he would have been safe had it not happened that a Central Office man was at his side. Chick-a-dee is the only Chinese pickpocket known in police annals. Just as Old Horse and Wagon was the only known Chinese vagrant so was Chick-a-dee alone of his race to become a skilled as a subway dip.

Sometimes popular tunes like Topsy just grow. There is one called "Mystery" The origin of the song is a mystery. It started as a stray tune of a New York dance orchestra. It grew into a real melody and words were written for it. Now all the singers and orchestras along the Great White Way play it. Even Art Hickman has picked it up. Its popularity grows—and the author will probably never be known.

The apartment court troubadours have arrived for the summer. In the winter like the birds they fly south. But when spring comes they drift back to town. There is one that comes annually to our neighborhood. He is a sad faced fellow with dirty gray hair and across his shoulders is a big harp. He plucks away at the classics and the modern jazz furnishing nothing more musical than caterwauls by night. But he always gets his shower of small coins. He told me his story the other day. He once played in an orchestra when Jenny Lind sang. But drink got him and he became a veritable modern minstrel.

Somewhere he left a wife and four children. "I always look up at windows expecting perhaps to see some of them" he said. And he has visited almost every city of importance in America.

CITY'S SHARE OF AUTO TAXES NEAR $10,000

More Than $26,000 Collected in East Liverpool District.

J. S. HILBERT'S ESTIMATE

Fund Would Pay for Proposed Resurfacing of Sixth Street.

With receipts from auto license collections aggregating more than $26,000, East Liverpool's share in the distribution of the taxes will reach nearly $10,000, J. S. Hilbert, deputy state auto registrar, estimated Friday.

It is estimated that less than $6,000 of the auto license fees received through the automobile license registry here was paid by auto owners residing outside this city. Under the new state motor vehicle tax law, municipalities and other taxing districts will receive 50 per cent of all license fees collected in their respective district of registration.

Any auto owner in the county can secure a license at the local office, Mr. Hilbert said. Only fees collected from East Liverpool residents, however, are divided to the city's advantage.

According to the state auto license code, funds derived from the administration of the law can be used only for the "maintenance and repair of public roads and highways and streets in which the existing foundation there of is used as the sub-surface of the improvement."

Proposed re-surfacing of West Sixth street could be paid out of the city's new road fund, it is pointed out. Distribution of the county's share in auto tax receipts will be made within the next few days. The countyauditor will receive the tax sheet from the state highway department and will distribute the funds to the respective taxing districts of the county.

So the expedient of seeking the co-operation of prohibition inspectors in obtaining evidence aginst suspected violators was adopted. A two-week investigation was followed by a raid.

If any laxity prevailed in the enforcement of prohibition throughout the country, the supreme court decision on the amendment did away with it. The court abolished all uncertainty by declaring:

"That amendment by lawful purpose and ratification has become a part of the constitution, and must be respected and given effect the same as other provisions of that constitution."

Backed up by this ruling, together with the decision that Congress, in the Volstead act, has not gone beyond its powers in prescribing how the amendment shall operate, and that the one-half of one per cent rule is therefore just as binding on every part of the country, and every individual in it, as is the amendment itself, federal, state, county and municipal authorities everywhere have been especially active during the past several weeks. And as a rsult, there has been real enforcemnt.

U. S. COMMERCE IN THE PHILIPPINES.

An American Chamber of Commerce has been established recently in the Philippines. This is a purely American body organized for the purpose of developing and protecting American trade in the islands and the Far East, providing for convenient exchange of ideas, promoting the resources of the islands and cultivating friendly relations between Americans and orientals. Its membership is limited to American citizens of unqualified loyalty to the United States.

The establishment of this organization, says the United States Trade Commissioner for the Far East, is a very important forward step in our international commercial relations. In the past Americans have paid too little attention to the resources of the Philippines and have ignored their importance as a source of supply for some of our most needed tropical products. Coconut oil, hemp and rubber are among the most valuable materials which the Philippines have to offer us. But there are other possibilities which the short-sightedness of American business has failed to note in the past. The present annual sugar production is only 300,000 tons. It is perfectly possible, with the right kind of financial support and an adequate labor supply, to increaze this output to 600,000 tons, and experts say that the Philippine production might even reach 1,000,000 tons—the present Cuban output.

Tapioca, sago, gums, tanbarks, gutta percha, camphor, cinnamon, cacao and other products are to be had in abundance simply for the application of enterprise and capital. This country has done much for Philippine education, but it has remained indifferent to the economic development of the islands.

The establishment of the American Chamber of Commerce should mark the beginning of a new period, not of selfish exploitation of Philippine resources by American business, but of co-operation and mutual benefit through the development of that region's natural resources.

TRADE WITH RUSSIA.

Now that the United States government has lifted the commercial blockade against Russia, anybody who is so inclined, and can find a ship bound for Russia, and pay the transportation, is free to send goods into that country.

He will have to rely entirely on his own resources. As long as the unrecognizable Russian government remains unrecognized, the United States government cannot provide the usual accommodations of passports and mail and consular service. The risk is obviously a big one, especially after the goods reach Russia. If the exporter is so lucky as not to have them confiscated by the Bolshevist government, he will probably have them stolen by somebody else. Transportation in Russia is demoralized. From that cause alone the chances of goods consigned to interior points arriving at their destination is pretty slim. And if the consignee receives them safely, there remains the problem of payment. Will they be paid for in gold, hard gold, or in the paper that passes for money in Russia but nowhere else? And if in gold, how is the gold to reach the seller in America?

The main trouble with flivvers is not that they are flivvers, but that so many of them seem to think they can push street cars off the track and knock trucks into the next county.

The German chancellor says he will make no pledges he can't keep. That's all right; but all the Allies want him to do is to keep the pledges already made.

NEW YORK LETTER

By O. O. McINTYRE

NEW YORK, July 16.—The fire escapes in the tenement districts are now bulging with balloon like bedding. Hokey-pokey ice cream men are reaping their harvest of pennies. The evening arrival of the street washers is hailed with rare enthusiasm. Sweltering humid nights have come to the East Side. The pungent smell of sun on asphalt clings all through the long torrid evenings.

Dawn reveals row after row of naked babies, half clad men and women who have lost all sense of modesty in common suffering. Old men sit out at the curb in pillowed chairs all night long fanning until they nod from sheer exhaustion. Children of 9 and 10 run about clad only in the familiar loin cloths of the South Sea savages.

There are no childish whoops in the slums in hot weather. A languor affects the young and old. The carols of the hurdy-gurdy fall on unheeding ears. Tony, the ice man in his dank cellar hovel is the tenement summer idol. For Tony may press his own wares to a heated brow and find surcease. And no wonder Tony is such an idol for in the winter he sells coal by the bucket.

Ccal and ice are slum luxuries. The slum folk look forward to that little bit of heaven that comes now and then—charity trips to Coney Island. It gives them something to talk about the rest of the summer. If little Maggie has been to the seashore twice in a season she is regarded with the same light of admiration that is bestowed upon the wearer of a million dollar necklace on Fifth avenue. It is something to brag about.

All the heads are closely clipped. It costs a dime to have the hair closely clipped at The Clippery run by an enterprising Italian on Delancey St. When the first hot days come a line forms several blocks long and even a few of the girls sacrifice their curls to keep cool.

They caught Chick-a-dee the other day on a Broadway subway express train. He had while reading a newspaper lifted a pearl stick pin from a Wall Street magnate and he would have been safe had it not happened that a Central Office man was at his side. Chick-a-dee is the only Chinese pickpocket known in police annals. Just as Old Horse and Wagon was the only known Chinese vagrant so was Chick-a-dee alone of his race to become a skilled as a subway dip.

Sometimes popular tunes like Topsy just grow. There is one called "Mystery" The origin of the song is a mystery. It started as a stray tune of a New York dance orchestra. It grew into a real melody and words were written for it. Now all the singers and orchestras along the Great White Way play it. Even Art Hickman has picked it up. Its popularity grows—and the author will probably never be known.

The apartment court troubadours have arrived for the summer. In the winter like the birds they fly south. But when spring comes they drift back to town. There is one that comes annually to our neighborhood. He is a sad faced fellow with dirty gray hair and across his shoulders is a big harp. He plucks away at the classics and the modern jazz furnishing nothing more musical than caterwauls by night. But he always gets his shower of small coins. He told me his story the other day. He once played in an orchestra when Jenny Lind sang. But drink got him and he became a veritable modern minstrel.

Somewhere he left a wife and four children. "I always look up at windows expecting perhaps to see some of them" he said. And he has visited almost every city of importance in America.

CITY'S SHARE OF AUTO TAXES NEAR $10,000

More Than $26,000 Collected in East Liverpool District.

J. S. HILBERT'S ESTIMATE

Fund Would Pay for Proposed Resurfacing of Sixth Street.

With receipts from auto license collections aggregating more than $26,000, East Liverpool's share in the distribution of the taxes will reach nearly $10,000, J. S. Hilbert, deputy state auto registrar, estimated Friday.

It is estimated that less than $6,000 of the auto license fees received through the automobile license registry here was paid by auto owners residing outside this city. Under the new state motor vehicle tax law, municipalities and other taxing districts will receive 50 per cent of all license fees collected in their respective district of registration.

Any auto owner in the county can secure a license at the local office, Mr. Hilbert said. Only fees collected from East Liverpool residents, however, are divided to the city's advantage.

According to the state auto license code, funds derived from the administration of the law can be used only for the "maintenance and repair of public roads and highways and streets in which the existing foundation there of is used as the sub-surface of the improvement."

Proposed re-surfacing of West Sixth street could be paid out of the city's new road fund, it is pointed out. Distribution of the county's share in auto tax receipts will be made within the next few days. The countyauditor will receive the tax sheet from the state highway department and will distribute the funds to the respective taxing districts of the county.

PLAN CLEAN-UP IN STEEL TOWN

Federal Agents Investigate Alleged Liquor Traffic in Weirton.

The town of Weirton, this county, is slated for a clean-up of illicit liquor dealers, following a visit of United States prohibition enforcement agents said to have been made during the early part of this week. It is said that the agents secured evidence against a number of persons, alleged to be dispensing with "bootleg" whiskey, and that warrants are to be issued and served within the next few days.

The federal authorities visiting Weirton included Deputy United States Marshal John Shorts and Officers Thomas Arrington and Bert Phillips of Wheeling.

TO EXPEND $500,000 IN CHURCH BUILDING

Announcement has been made following a conference of district superintendents of the Board of the Home Missions and Church Extension of the West Virginia Methodist Episcopal Conference that more than $500,000 will be spent in church building, extension and effiyencie work during Y tension and efficiency work during the next five years in the seven conference districts of West Virginia. The Rev. Paul L. Vogt of Philadelphia, superintendent in charge of the work in this state, interviewed the district superintendents here and ascertained the needs. The money to be spent is West Virginia's share of the sum raised through the Centenary movement.

MAN IS FINED FOR TRAFFIC VIOLATION

For his failure to appear before the Chester city officials several weeks ago, to answer to a charge placed against the driver of one of his motor trucks, Peter Milliron, East Liverpool transfer man, was fined $3.60 by Mayor Mayhew, Wednesday evening. Milliron settled.

The violation with which the driver was charged, occurred about six days ago, when Chief of Police Dolby found one of Milliron's trucks in Chester without a license tags. The driver of the machine stated that he had lost the tags en route to Chester with a load of merchandise. The driver, with Chief Dolby, went back as far as the bridge in an effort to find the tags but without result.

Chief Dolby immediately communicated with Mr. Milliron who stated that he would come to Chester that night to arrange a settlement of the case. A few days ago, Mayor Mayhew notified Mr. Milliron of the charge instructing him to report that evening or that his trucks would be held up the next time they passed through Chester. When Milliron put in appearance that evening, he was fined.

Mayor Mayhew Friday gave a warning that Ohio owners of trucks and automobiles must adhere to the automobile traffic ordinance of the city or pay fines. A charge has been filed against the driver of an East Liverpool furniture house for his failure to sound his horn at the Fifth street crossing a few days ago.

PLACE VOTING BOOTHS FOR SPECIAL ELECTION

The voting booths to be used in connection with the special bond issue election throughout Hancock county tomorrow, were being distributed to the various polling places this morning. The ballots and other election material are being issued to the election officials at New Cumberland today.

Little interest is being displayed in this end of the city on the outcome of the election. Although the registration of Chester is more than 800, not more than 400 votes are expected to be cast.

The polls are scheduled to open at sun-up and close at sun-down. Election officials announced this morning that the polls would be opened shortly after 6 a. m., and close about 7:15 p. m.

PITTSBURG MAN FINED, SENTENCED TO JAIL

Arraigned before James L. Bradley at New Cumberland Thursday afternoon, George Grenno, 23, Pittsburg Italian, was fined $100 and costs and sentenced o serve 60 days in the county jail when found guilty of the charge of violating the provisions of the West Virginia Yost Enforcement measure by transporting liquor into this state. The Italian was arrested as he attempted to leave a street car in Weirton by Wheeling Prohibition agents, and immediately turned over to the county authorities. Two gallons of "ra'son jack" were found in a suit case which he carried. The liquor, it is said, had been colored by the use of burnt sugar.

Under the state law, a person is permitted to bring into the state one quart of whiskey a month.

CITIES SEEK POTTERS' MEET

Buffalo, N. Y., and Atlantic City Contend for 1921 Convention.

INVESTIGATE VETERAN'S CLAIM TO PROPERTY

The claim of a former Weirton boy, who lost a leg during the world war, while fighting with the Polish army, that he is the owner of real estate in Weirton, W. Va., and Canonsburg, Pa., is being investigated by the Hancock County chapter of the American Red Cross.

During the war, he lost his right leg, and realizing that it would be next to impossible for him to earn a living in the United States he will not return. He has now written to Miss Florence Moss, county Red Cross secretary, asking that the organization assist him in looking after his property. According to his letter written at Tarnapol, Poland, the mans owns a lot in Weirton and three houses and lots in Canonsburg, Pa.

If the claims of the man are found to be true and he so wishes an effort will be made to dispose of the property and the money forwarded to him.

INVESTIGATE VETERAN'S CLAIM TO PROPERTY

The claim of a former Weirton boy, who lost a leg during the world war, while fighting with the Polish army, that he is the owner of real estate in Weirton, W. Va., and Canonsburg, Pa., is being investigated by the Hancock County chapter of the American Red Cross.

The young man, whose name is withheld, formerly lived in Weirton. During the summer of 1914 he left for a visit with his relatives in Poland. He arrived in his native land just ten days before the outbreak of the war and was forbidden to return to the United States but instead was drafted into the Russian military service.

During the war, he lost his right leg, and realizing that it would be next to impossible for him to earn a living in the United States he will not return. He has now written to Miss Florence Moss, county Red Cross secretary, asking that the organization assist him in looking after his property. According to his letter written at Tarnapol, Poland, the mans owns a lot in Weirton and three houses and lots in Canonsburg, Pa.

If the claims of the man are found to be true and he so wishes an effort will be made to dispose of the property and the money forwarded to him.

LABORATORY CO. LOCATES HERE

Ne wYork Concern Takes Over Pittsburg Tile Manufacturing Co. Plant at State Line—To Make Refractory Products.

(By M. K. Zimerman)

The former plant of the Pittsburg Tile Manufacturing Co., Harvey avenue, near the Ohio-Pennsylvania State line has been taken over by the Kraus Research Laboratories Co., of 130 Pearl street, New York City, and is undergoing extensive improvement.

The line of refractory products that will be turned out at this plant gives the Columbiana County clay district an industry that will be the only one of its character in the country.

This firm has been making chemical and other laboratory tests of certain refractory materials, including a high temperature furnace refractory cement. The latter is for use in building and rebuilding of furnace and boiler linings.

A refractory brick is also to be manufactured. While the laboratory tests have been proven, the firm now proposes to manufacture a varied line on a commercial basis.

There are five beehive kilns at this plant and this capacity may be increased as business warrants. A new wet and dry press has been received and a pulverizing plant is being erected. A Raymond pug mill has also been placed.

The company is employing 15 men.

What's a Chigger?

"What's a chigger?"

This is the brief inquiry received by this department.

A chigoe or chigre is on of those things which "bore from within, and about "boring from within" more "or less has been said and written during the last year or so.

Also, a chigre is a species of flea (Sarcopsylla penetrans) and this is vouched for by Webster. It is claimed that the chigre is common in the West Indies and South America. Likewise in a number of packing shops in the East Liverpool district. It has also been introduced in other tropical regions.

This particular kind of a flea is also called "chigger" and "jigger."

The fertile female burrows under the skin of the foot or other exposed part of the body of man and animals, and, becoming distended with eggs, causes serious and sometimes fatal sores.

Likewise it causes much scratching.

Packers declare that wheat straw recently worked in some of the local packing sheds had millions of chigres, and in handling this straw the flea-like thing landed upon the exposed part of the body, arm or breast, and then the "boring from within commenced.

A lot of old straw was received here recently, and it was filled with the "chigce or chigre." Hence the query: "what's a chigger?"

Story From Spokane, Wash.

Out in Spoakne, Wash., a story has been spread about concerning an action taken by the "National Pottery Manufacturers' Association." To the members of the United States Potters' Association the name is entirely new. Who or what the National Association is, is not known hereabouts.

Here is the story as published in the Spokane Chronicle:

"Chinaware and pottery prices will advance about 10 per cent here this month as a result of raises which are now being planned by the National Pottery Manufacturers' association, according to L. Fox of M. Seller & Co.

"Reports have been received here notifying us that a raise of about 10 per cent in the price of all pottery is due to take effect some time this month, soon after the meeting of the national pottery manufacturers," said Mr. Fox. The new change will mean that such articles as plain white luncheon plates which are now selling at $2.35 a dozen will cost about $2.60 as scon as the new change takes effect. Plain white cups and saucers now $3 a dozen, will cost about $3.30 retail."

The United States Potters' Association has no meeting scheduled for this summer, and none is contemplated until the annual session, which probably will be held early next December. The Asscciation has not met as a whole since January last in New York.

A. G. Minehart Visitor Here

A. G. Minehart, Jr., general manager of the Rock Products Co., with general headquarters in Toledo, who has been spending several days in this district on business, has returned home. Mr. Minehart was a resident of East Liverpool for many years. The firm is a large distributor of silica products.

Returns to Coshocton

Thomas B. Anderson, general manager of the Pope-Gosser China Co., of Coshocton, has returned to his desk after spending a few days in the East Liverpool district visiting relatives and looking after some business matters. The Coshocton plant is active, and is enjoying a heavy demand for its entire line.

Denver Buyer in Market

For the second time this season, Joseph Moore of the Denver Drygoods Co., Denver Colo., visited the local market this week. He was here for the purpose of looking up back orders and to anticipate future requirements.

Other buyers in the market were Mr. Hoovey, with the B. Nugent & Sons Drygoods Co., St. Louis, Mo.; H. Leonard, of H. Leonard & Sons, Grand Rapids, Mich.; Mr. Keates, with Mapin & Webb, Montreal, Canada.

Louthan Co. Gets Additional Realty

Title has been taken to additional realty in Harvey avenue, East End, by the Louthan Manufacturing Co., which gives that firm a frontage of 650 feet on that thoroughfare and a depth of 116 feet to the Cleveland and Pittsburg railroad right of way. The recent purchase by this firm includes the idle three-kiln plant first erected by the East Liverpool Brick Manufacturing Co., and more recently owned by the Pittsburg Tile Manufacturing Co.

Buildings acquired in this purchase are being improved, with a view of preservation rather than for placing the plant in operation. The company is featuring the manufacturing of magnesia fireproof porcelain products, which include mantle rings, burner tips, pins, stilts and a number of other items of special interest.

Because YOU are the man the public deals with and NOT the makers and middlemen, the blame for the high cost of living is falling on YOUR shoulders. This is not fair. It is grossly unjust. But it is a FACT. And no wonder the public thinks you are guilty when you meekly accept the charge instead of FIGHTING it. Will you cooperate with us and other public-spirited merchants and help smash outrageously high prices, and prove that YOUR store, even now, while prices are still rising, can sell dependable goods at low prices? What if you do lose your profit and part of the cost of your goods? What if you do have to pay higher prices when you buy again? To the Determined Womenfolks

A FALSE STANDARD OF CULTURE has gained ground in this country which looks upon the bearing and rearing of children as something coarse and vulgar and to be avoided, but the advent of Eugenics means much for the motherhood of the race. Happy is the wife, who, though weak and ailing, depends upon Lydia E. Pinkham's Vegetable Compound to restore her to health, and when headaches and backaches are a thing of the past brave sons and fair daughters rise up and call her blessed.

What's a Chigger?

"What's a chigger?"

This is the brief inquiry received by this department.

A chigoe or chigre is on of those things which "bore from within, and about "boring from within" more 'or less has been said and written during the last year or so.

Also, a chigre is a species of flea (Sarcopsylla penetrans) and this is vouched for by Webster. It is claimed that the chigre is common in the West Indies and South America. Likewise in a number of packing shops in the East Liverpool district. It has also been introduced in other tropical regions.

This particular kind of a flea is also called "chigger" and "jigger."

The fertile female burrows under the skin of the foot or other exposed part of the body of man and animals, and, becoming distended with eggs, causes serious and sometimes fatal sores.

Likewise it causes much scratching. Packers declare that wheat straw recently worked in some of the local packing sheds had millions of chigres, and in handling this straw the flea-like thing landed upon the exposed part of the body, arm or breast, and then the "boring from within commenced.

A lot of old straw was received here recently, and it was filled with the "chigoe or chigre." Hence the query: "what's a chigger?"

Story From Spokane, Wash.

Out in Spoakne, Wash., a story has been spread about concerning an action taken by the "National Pottery Manufacturers' Association." To the members of the United States Potters' Association the name is entirely new. Who or what the National Association is, is not known hereabouts.

Here is the story as published in the Spokane Chronicle:

"Chinaware and pottery prices will advance about 10 per cent here this month as a result of raises which are now being planned by the National Pottery Manufacturers' association, according to L. Fox of M. Seller & Co.

When you feel discouraged, confused, nervous, tired, worried or despondent it is a sure sign you need **MOTT'S NERVERINE PILLS:** They renew the normal vigor and make life worth living. **Be sure and ask for Mott's Nerverine Pills** Price $1.00 by druggists WILLIAMS MFG. CO., Props., Cleveland, Ohio

For sale by Flick's drug store.

"Reports have been received here notifying us that a raise of about 10 per cent in the price of all pottery is due to take effect some time this month, soon after the meeting of the national pottery manufacturers," said Mr. Fox. The new change will mean that such articles as plain white luncheon plates which are now selling at $2.35 a dozen will cost about $2.60 as soon as the new change takes effect. Plain white cups and saucers now $3 a dozen, will cost about $3.30 retail."

The United States Potters' Association has no meeting scheduled for this summer, and none is contemplated until the annual session, which probably will be held early next December. The Asscciation has not met as a whole since January last in New York.

A. G. Minehart Visitor Here

A. G. Minehart, Jr., general manager of the Rock Products Co., with general headquarters in Toledo, who has been spending several days in this district on business, has returned home. Mr. Minehart was a resident of East Liverpool for many years. The firm is a large distributor of silica products.

Returns to Coshocton

Thomas B. Anderson, general manager of the Pope-Gosser China Co., of Coshocton, has returned to his desk after spending a few days in the East Liverpool district visiting relatives and looking after some business matters. The Coshocton plant is active, and is enjoying a heavy demand for its entire line.

Denver Buyer in Market

For the second time this season, Joseph Moore of the Denver Drygoods Co., Denver Colo., visited the local market this week. He was here for the purpose of looking up back orders and to anticipate future requirements.

Other buyers in the market were Mr. Hoovey, with the B. Nugent & Sons Drygoods Co., St. Louis, Mo.; H. Leonard, of H. Leonard & Sons, Grand Rapids, Mich.; Mr. Keates, with Mapin & Webb, Montreal, Canada.

Louthan Co. Gets Additional Realty

Title has been taken to additional realty in Harvey avenue, East End, by the Louthan Manufacturing Co., which gives that firm a frontage of 650 feet on that thoroughfare and a depth of 116 feet to the Cleveland and Pittsburg railroad right of way. The recent purchase by this firm includes the idle three-kiln plant first erected by the East Liverpool Brick Manufacturing Co., and more recently owned by the Pittsburg Tile Manufacturing Co.

Buildings acquired in this purchase are being improved, with a view of preservation rather than for placing the plant in operation. The company is featuring the manufacturing of magnesia fireproof porcelain products, which include mantle rings, burner tips, pins, stilts and a number of other items of special interest.

To The Retail Merchants Of EAST LIVERPOOL, OHIO

Will You FIGHT?

You have been called profiteers, robbers and what not by the public. Because YOU are the man the public deals with and NOT the makers and middlemen, the blame for the high cost of living is falling on YOUR shoulders. This is not fair. It is grossly unjust. But it is a FACT. And no wonder the public thinks you are guilty when you meekly accept the charge instead of FIGHTING it. Will you cooperate with us and other public-spirited merchants and help smash outrageously high prices, and prove that YOUR store, even now, while prices are still rising, can sell dependable goods at low prices? What if you do lose your profit and part of the cost of your goods? What if you do have to pay higher prices when you buy again? Isn't it worth MORE to you to be known as one who did YOUR part to smash high prices? We are in this fight to a finish with our 300 stores all over the U. S. A. Will you come in?

To the Determined Womenfolks Of EAST LIVERPOOL, OHIO

It takes TWO to make a bargain. There are already many retail merchants who are trying to help pierce the bubble of high prices by giving you unheard of values. But unless you CO-OPERATE with these merchants you will have to bear the brunt of it all yourselves. We have taken an active part in this movement. We have closed our eyes to cost, value and profit. We are doing MORE than our share, but we do it GLADLY, because the public has responded enthusiastically. Now we are going to cap the climax of value-giving by beginning tomorrow a

SANDUSKY VETERAN BELIEVES IN TELLING OTHERS OF GOOD RESULTS

A. Angstedt of the Sandusky Soldiers Home Passes Along the Good Word Telling How Nerv-Worth Restored Him to Health, and Relievel His Rheumatism.

"I am recommending Nerv-Worth to my friends," said Mr. Angstedt of the Soldiers' Home at Sandusky, Ohio, "as I know it will help them. I was nervous and had rheumatism in my feet and legs so bad that I could hardly walk at times. My ankles were swollen and pained me very much. Nerv-Worth was recommended to me by a comrade and I have thanked him many times for doing it. I believe in passing the good news along and am sending a bottle to a comrade in Michigan." This man, like thousands of others, has written a letter telling what Nerv-Worth does and what he thinks of it. Nerv-Worth gives excellent results in rheumatism and other nervous afflictions, because it acts in a sensible way. It is a well known fact that most cases of rheumatism are due to impurities in the blood and system, and the formation and presence of uric acid and other poisonous acids. Nerv-Worth is a wonderful neutralizer. It neutralizes these acids and thus makes them harmless and then drives them from the system. At the same time it does this it straightens up the digestive organs, aids nutrition, gives rich blood and nerve force. Because it does act in a sensible as well as scientific manner to combat these ailments, Nerv-Worth for many years has been giving most remarkable results and because the manufacturers of Nerv-Worth know that it does do the work, it is sold on a money back guarantee. If you suffer, give Nerv-Worth a good fair trial. Buy a bottle, use it according to directions and after using it if you have not noticed any effects and are not satisfied, your money will be refunded.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound,' which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

SANDUSKY VETERAN BELIEVES IN TELLING OTHERS OF GOOD RESULTS

A. Angstedt of the Sandusky Soldiers Home Passes Along the Good Word Telling How Nerv-Worth Restored Him to Health, and Relievel His Rheumatism.

"I am recommending Nerv-Worth to my friends," said Mr. Angstedt of the Soldiers' Home at Sandusky, Ohio, "as I know it will help them. I was nervous and had rheumatism in my feet and legs so bad that I could hardly walk at times. My ankles were swollen and pained me very much. Nerv-Worth was recommended to me by a comrade and I have thanked him many times for doing it. I believe in passing the good news along and am sending a bottle to a comrade in Michigan." This man, like thousands of others, has written a letter telling what Nerv-Worth does and what he thinks of it. Nerv-Worth gives excellent results in rheumatism and other nervous afflictions, because it acts in a sensible way. It is a well known fact that most cases of rheumatism are due to impurities in the blood and system, and the formation and presence of uric acid and other poisonous acids. Nerv-Worth is a wonderful neutralizer. It neutralizes these acids and thus makes them harmless and then drives them from the system. At the same time it does this it straightens up the digestive organs, aids nutrition, gives rich blood and nerve force. Because it does act in a sensible as well as scientific manner to combat these ailments, Nerv-Worth for many years has been giving most remarkable results and because the manufacturers of Nerv-Worth know that it does do the work, it is sold on a money back guarantee. If you suffer, give Nerv-Worth a good fair trial. Buy a bottle, use it according to directions and after using it if you have not noticed any effects and are not satisfied, your money will be refunded.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

CITY PLAYLOTS CLOSE AUG. 21

Lack of Funds is Cause of Shortening of Season.

East Liverpool's two municipal playlots will close their summer season Saturday, August 21st, Miss Margaret Rice, playground director, announced Friday following a meeting of the executive board of the City Federation of Women's Clubs.

Lack of funds is said to be responsible for the shortening of the playground season. The playground fund, created largely through the proceeds of the Tag Day sales a few weeks ago, is practically depleted, it is said.

A monster field meet for boys of all ages to establish athletic supremacy between the downtown and East End playgrounds will be staged at Columbian park Wednesday, August 4, as a feature of the closing activities of the two playgrounds. Ten field and track events will be included in the program for the meet. Each playground will be entitled to three entries in each event ,although one man is limited to three events.

A permanent schedule of competitive games between the two playlots was announced Friday by James Davis, director of boys' athletics. Baseball games will be played on Mondays, Wednesdays, and Fridays, alternating between the two grounds; volley ball on Tuesdays and basketball on Thursdays. This schedule will remain in force throughout the remainder of the playground season.

An interesting scrap book, the handiwork of the kindergarten children in charge of Miss Alice Bloor, has been contributed to the Children's ward at the City Hospital. The younger children are now working on a screen to be given to the nursery department at the hospital.

St. Clairsville—From 200 to 500 quarts of whiskey, estimated to have been worth as much as $17,000, and a touring car were destroyed in a fire on the National road when the machine skidded and ran over an embankment, the gasoline igniting from the lights on the machine.

CITY PLAYLOTS CLOSE AUG. 21

Lack of Funds is Cause of Shortening of Season.

East Liverpool's two municipal playlots will close their summer season Saturday, August 21st, Miss Margaret Rice, playground director, announced Friday following a meeting of the executive board of the City Federation of Women's Clubs.

Lack of funds is said to be responsible for the shortening of the playground season. The playground fund, created largely through the proceeds of the Tag Day sales a few weeks ago, is practically depleted, it is said.

A monster field meet for boys of all ages to establish athletic supremacy between the downtown and East End playgrounds will be staged at Columbian park Wednesday, August 4, as a feature of the closing activities of the two playgrounds. Ten field and track events will be included in the program for the meet. Each playground will be entitled to three entries in each event ,although one man is limited to three events.

A permanent schedule of competitive games between the two playlots was announced Friday by James Davis, director of boys' athletics. Baseball games will be played on Mondays, Wednesdays, and Fridays, alternating between the two grounds; volley ball on Tuesdays and basketball on Thursdays. This schedule will remain in force throughout the remainder of the playground season.

An interesting scrap book, the handiwork of the kindergarten children in charge of Miss Alice Bloor, has been contributed to the Children's ward at the City Hospital. The younger children are now working on a screen to be given to the nursery department at the hospital.

St. Clairsville—From 200 to 500 quarts of whiskey, estimated to have been worth as much as $17,000, and a touring car were destroyed in a fire on the National road when the machine skidded and ran over an embankment, the gasoline igniting from the lights on the machine.

This preparation for the removal of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold under guarantee to refund the money if it fails.

Do It Now

If your children's eyes were reported as defective during the school term, you should have them corrected at once.

Now is the time for the examination of their eyes. Perhaps some of the children that failed to pass last year can attribute their failure to weak eyes.

Have their eyes treated now and start them off on the next school term without a handicap.

Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

Mr. G. Buentemeier Tells How Cuticura Healed Pimples

"My whole body was full of red pimples. The skin started to itch and I would rub it, and the more I scratched the more the pimples spread, and I could not sleep. When it got warm, the pimples itched so I could not work, and when I rubbed, the skin would get red and burn, and my whole body was filled with eruptions for six months.

"Then I started to use Cuticura Soap and Ointment. After I used them a week I found relief and I only used three cakes of Cuticura Soap and two boxes of Cuticura Ointment when I was healed." (Signed) George Buentemeier, Pine Top, Minn., May 30, 1919.

"My whole body was full of red pimples. The skin started to itch and I would rub it, and the more I scratched the more the pimples spread, and I could not sleep. When it got warm, the pimples itched so I could not work, and when I rubbed, the skin would get red and burn, and my whole body was filled with eruptions for six months.

"Then I started to use Cuticura Soap and Ointment. After I used them a week I found relief and I only used three cakes of Cuticura Soap and two boxes of Cuticura Ointment when I was healed." (Signed) George Buentemeier, Pine Top, Minn., May 30, 1919.

BURKE FACING REGULAR TEST

Will Meet Gene Tunney in Jersey City July 19.

By JACK VEIOCK.

NEW YORK, July 16. — Marty Burke, the "string bean" from "Naw'leans," will get a real test when he faces Gene Tunney, the Greenwich Village bearcat in Jersey City July 19.

Burke got the match with Tunney by virtue of his fifteen-round victory over roly-poly Willie Meehan in the Crescent City July 5, and eastern boxing fans are eagerly awaiting the coming of the hour when the bell will call these two young gladiators together.

In these days of few good, young heavyweight prospects, the efforts of such battlers as Burke, Tunney, Brennan and others to fight their way to the top of the ladder are peculiarly interesting.

The boxing public craves action. What's the use of having a wonderful champion like Jack Dempsey when there's nobody good enough to give him a hot argument over the possession of his crown? This is the question that we often hear when Dempsey's name comes up, and so it is only natural that rugged youngsters like Burke and Tunney are closely watched.

Burke is very popular in his home town. New Orleans fight fans think he is the slickest looking heavyweight prospect we've had since Dempsey broke into the limelight. Back here in the east, however, Burke is an unknown quantity, but the fistic fans of the Metropolitan district—more than a million of 'em, all told—are willing to take him for what New Orleans fans say he is until somebody comes along and disproves their claims.

Tunney is just the chap to bring out the best there is in Burke. The Greenwich Villager, like Burke, has been brought along by easy stages. His most notable achievement was a knockout victory over Al Roberts, the sturdy Staten Island battler, who until he met Tunney was rated as a future heavyweight contender himself. Tunney is a mixer. He likes action and he can sock. Furthermore, he is fast and clever enough to take good care of himself. And he has the spirit and aggressiveness necessary to keep the other fellow busy. So Burke will have his work cut out when he faces Tunney, and from this angle it appears that if Marty is What New Orleans claims for him the coming battle will be worth going many miles to see.

Bucyrus — By an injunction issued Monday in common pleas court, Mrs. James Harrop will be compelled to trim off nearly a foot of the eaves of her residence which overlaps the property line of her neighbor, Mrs. Melissa Wheeler. The Harrop residence was completed less than five years ago. It is one of the finest in the city.

FEEL LIKE MY OLD SELF AGAIN SAYS E. LIVERPOOL MAN

Wants to Tell the Truth About Dreco for the Benefit of "Doubting Thomases."

For Past Four Years Had Been in Run-Down Condition, Liver and Kidneys Were Acting Badly; Was Constipated, Has Disordered Stomach, Bloating, Was Extremely Nervous and Suffered From Catarrh.

Mr. Thomas H. Richards, residing at 132 East Second street, East Liverpool, O., relates the following:

"I have been in a run-down condition for the past four years, my liver was sluggish which caused me to grow very dizzy at time, my stomach was all upset and my food remained undigested, causing sour gas to form and bloat me up, my kidneys were troublesome, bowels badly constipated, had severe headaches, all of which made me extremely nervous.

"I tried nearly everything I heard of in my effort to get rid of these troubles, but nothing did me any good until I took Dreco. I took my first dose on going to bed at night and I could feel it working on my stomach right away. It seems wonderful to me, the power it has. Just think of it I have only been taking it one week and I feel like my old self again.

"Even my friends notice the change in me I have gained 2½ pounds and can eat like a hound and best of all, nothing seems to hurt me. I sleep like a log, my nerves are steady, have no more pain, catarrh is greatly relieved and I feel fine.

"I am very happy to add my statement to that of many others that some Doubling Thomas may be benefit by my experience, every word of which is the absolute truth."

Dreco is not an experiment. It is a safe, harmless combination of natural extracts, and contains no dangerous minerals, acids or salts. It is nature's medicine and can be taken with safety, into the most delicate system. Dreco is inexpensive and is now dispensed by modern drug stores almost everywhere.

All good druggists now sell Dreco and it is being especially introduced in East Liverpool by Flicks' Drug Store, 5th and Market streets.

RESOLUTE'S CREW IS OPTIMISTIC

Every Precaution Will be Taken to Avoid Another Mishap—Will Ship New Halyard.

SANDY HOOK, N. J., July 16—With the first of the international yacht races a thing of history Shamrock IV the victor, and Resolute, the unfortunate defender, are lying at anchor in Horseshoe cove today, awaiting the morrow and the second contest of the series.

The crews of both sloops were showing signs of activity early this morning. The shipping of a new halyard for the Resolute demanded the attention of the defender's crew. This will be affected long before sundown and the boat also will receive a microscopic overhauling from the tip of her bowsprit to the end of her boom.

As far as human care and attention can go every precaution will be taken today to avoid a repetition of Thursday's mishap. Though Skipper Adams and his crew have learned a hard lesson as a result of the accident there is still a feeling of absolute confidence amounting to optimism among them because of the fine showing the defender made up to the time she went out of the first race.

Columbus—Twelve lads, ranging in age from 12 to 16 years, have been arraigned in juvenile court here on charges of stealing bicycles. Their cases are to be heard tomorrow.

Score 11 to 4 in Game Played Yesterday at Beaver Creek.

Secluded in a nook of countryside, near the little hamlet of Fredericks-town, away from the view of mortal eyes, the East Liverpool Munx Baseball club, and the Paige Loafers, also said to be of this city, staged a nine-inning ball game or something yesterday afternoon. The Munx make claims to 11 runs as compared to a total of four by their opponents.

Mountford, Aldridge, Jackson and Chuck Smith are alleged to have been the heavy hitters, although "Bones" Blythe remarks that he has George Sisler outsizzled. Squire Hanley performed in big league style. Dick M. Smith hit 1,000 thereby rivalling Babe Ruth and other satellites of the baseball firmament. Fleming's slide, Bill Smith's pinch hitting, Wasbutzky's bunting, all were features of the engagement.

The ball game was staged in connection with a big feed by the two outfits, the first of a series. Here is the score:

BURKE FACING REGULAR TEST

Will Meet Gene Tunney in Jersey City July 19.

By JACK VEIOCK.

NEW YORK, July 16. — Marty Burke, the "string bean" from "Naw'leans," will get a real test when he faces Gene Tunney, the Greenwich Village bearcat in Jersey City July 19.

Burke got the match with Tunney by virtue of his fifteen-round victory over roly-poly Willie Meehan in the Crescent City July 5, and eastern boxing fans are eagerly awaiting the coming of the hour when the bell will call these two young gladiators together.

In these days of few good, young heavyweight prospects, the efforts of such battlers as Burke, Tunney, Brennan and others to fight their way to the top of the ladder are peculiarly interesting.

The boxing public craves action. What's the use of having a wonderful champion like Jack Dempsey when there's nobody good enough to give him a hot argument over the possession of his crown? This is the question that we often hear when Dempsey's name comes up and so it is only natural that rugged youngsters like Burke and Tunney are closely watched.

Burke is very popular in his home town. New Orleans fight fans think he is the slickest looking heavyweight prospect we've had since Dempsey broke into the limelight. Back here in the east, however, Burke is an unknown quantity, but the fistic fans of the Metropolitan district—more than a million of 'em, all told—are willing to take him for what New Orleans fans say he is until somebody comes along and disproves their claims.

Tunney is just the chap to bring out the best there is in Burke. The Greenwich Villager, like Burke, has been brought along by easy stages. His most notable achievement was a knockout victory over Al Roberts, the sturdy Staten Island battler, who until he met Tunney was rated as a future heavyweight contender himself. Tunney is a mixer. He likes action and he can sock. Furthermore, he is fast and clever enough to take good care of himself. And he has the spirit and aggressiveness necessary to keep the other fellow busy. So Burke will have his work cut out when he faces Tunney, and from this angle it appears that if Marty is What New Orleans claims for him the coming battle will be worth going many miles to see.

RESOLUTE'S CREW IS OPTIMISTIC

Every Precaution Will be Taken to Avoid Another Mishap—Will Ship New Halyard.

SANDY HOOK, N. J., July 16—With the first of the international yacht races a thing of history Shamrock IV the victor, and Resolute, the unfortunate defender, are lying at anchor in Horseshoe cove today, awaiting the morrow and the second contest of the series.

The crews of both sloops were showing signs of activity early this morning. The shipping of a new halyard for the Resolute demanded the attention of the defender's crew. This will be affected long before sundown and the boat also will receive a microscopic overhauling from the tip of her bowsprit to the end of her boom.

As far as human care and attention can go every precaution will be taken today to avoid a repetition of Thursday's mishap. Though Skipper Adams and his crew have learned a hard lesson as a result of the accident there is still a feeling of absolute confidence amounting to optimism among them because of the fine showing the defender made up to the time she went out of the first race.

Score 11 to 4 in Game Played Yesterday at Beaver Creek.

Secluded in a nook of countryside, near the little hamlet of Fredericks-town, away from the view of mortal eyes, the East Liverpool Munx Baseball club, and the Paige Loafers, also said to be of this city, staged a nine-inning ball game or something yesterday afternoon. The Munx make claims to 11 runs as compared to a total of four by their opponents.

Mountford, Aldridge, Jackson and Chuck Smith are alleged to have been the heavy hitters, although "Bones" Blythe remarks that he has George Sisler outsizzled. Squire Hanley performed in big league style. Dick M. Smith hit 1,000 thereby rivalling Babe Ruth and other satellites of the baseball firmament. Fleming's slide, Bill Smith's pinch hitting, Wasbutzky's bunting, all were features of the engagement.

The ball game was staged in connection with a big feed by the two outfits, the first of a series. Here is the score:

FEEL LIKE MY OLD SELF AGAIN SAYS E. LIVERPOOL MAN

Wants to Tell the Truth About Dreco for the Benefit of "Doubting Thomases."

For Past Four Years Had Been in Run-Down Condition, Liver and Kidneys Were Acting Badly; Was Constipated, Has Disordered Stomach, Bloating, Was Extremely Nervous and Suffered From Catarrh.

Mr. Thomas H. Richards, residing at 132 East Second street, East Liverpool, O., relates the following:

"I have been in a run-down condition for the past four years, my liver was sluggish which caused me to grow very dizzy at time, my stomach was all upset and my food remained undigested, causing sour gas to form and bloat me up, my kidneys were troublesome, bowels badly constipated, had severe headaches, all of which made me extremely nervous.

"I tried nearly everything I heard of in my effort to get rid of these troubles, but nothing did me any good until I took Dreco. I took my first dose on going to bed at night and I could feel it working on my stomach right away. It seems wonderful to me, the power it has. Just think of it I have only been taking it one week and I feel like my old self again.

"Even my friends notice the change in me I have gained 2½ pounds and can eat like a hound and best of all, nothing seems to hurt me. I sleep like a log, my nerves are steady, have no more pain, catarrh is greatly relieved and I feel fine.

"I am very happy to add my statement to that of many others that some Doubting Thomas may be benefit by my experience, every word of which is the absolute truth."

Dreco is not an experiment. It is a safe, harmless combination of natural extracts, and contains no dangerous minerals, acids or salts. It is nature's medicine and can be taken with safety, into the most delicate system. Dreco is inexpensive and is now dispensed by modern drug stores almost everywhere.

All good druggists now sell Dreco and it is being especially introduced in East Liverpool by Flicks' Drug Store, 5th and Market streets.

OHIO FOOTBALL LOOMING UP BIG

Jim Thorpe's Canton Bulldogs, Champions, Will Face Many Rivals This Fall.

What with presidential politics and professional football, the old Buckeye state will be booming this fall.

The recent announcement that Indian Jim Thorpe again would lead the Bulldogs of Canton, national professional champions, brings a survey that the Tigers of Massillon will not be the only Buckeye rival of the Thorpians, says William Strang, Canton sport scribe. In fact, the champions will have to battle against the Indians of Cleveland as well as the Indians of Akron.

It will be the same lineup of cities in 1920 that made bids for the football laurel defended by Canton in 1919. In Cleveland, Jimmy O'Donnell and Stanley Cofall, ex-Massillon leader, will put their heads together for the purpose of amassing a team that will humble the Red and White of Canton. In Akron, football will be staged at the new athletic park, and a coterie of business men will invest money for the collection of seasoned gridders who they figure talented enough to take the bit out of the Bulldogs' mouth. More than a little bird informed the public recently just where the Tigers of Massillon stand. With new backing headed by F. J. Griffiths, vice president of the Central Steel combine, the westerners will bear watching.

So far, so good—Canton, Massillon, Cleveland and Akron in the football cycle. Who's next? Well, direct optics on Columbus. There one finds that Joe Carr is going to bob up serenely again with the Panhandle team. Never has that combine been able to outscore the Canton corps, but the Columbus corps is one of fighting merit, and a big attraction. So Columbus must be numbered in the list of contenders. Comes a noise from Dayton like that of professional football on such a scale that teams in northern Ohio may have to put up shutters. Last season the Triangles of Dayton got their first touch of just how fast the professional game is in upper Buckeye realms by meeting the Tigers of Massillon. A close contest resulted, and Dayton now figures it time to reach out for an engagement with Thorpe's Canton troupe.

The football frolic in Ohio will not be one for boys. Canton will face sterner opposition than in past seasons which, by the bye, hasn't been of the kid glove sort. With Columbus, Cleveland Dayton, Akron and Massillon in dead earnest one almost is given to an affidavit Capt. Thorpe will be forced to retract his statement that he will manage an eleven but never again play in a football engagement. Canton's fame as a professional football center is known from coast to coast. Thorpe has a pride in his famous Bulldogs, and with the major league baseball battles as well as the Cox-Harding engagement, Ohio will have a wheel within a wheel when her professional gridiron outfits start responding to the call of signals.

RUTH EQUALS 1919 RECORD

Knocks Out 29th Homer Yesterday, Beating Browns.

NEW YORK, July 16.—Babe Ruth in the eleventh inning of the game between New York and St. Louis yesterday hit the ball over the top of the right field stand for a home run. The hit not only won the game for the Yankees, 13 to 10, but also equalled Ruth's record of 29 home runs made last year. Ward and Pipp were on base when Ruth made his hit.

Ruth took but little more than half the season to equal his previous record. He failed to pound out a circuit smash in April, but made an even dozen both in May and June. His best performance was in the 13 games from May 23 to June 2 inclusive, in which period he added ten to his total.

His batter day was June 2 when he hit three home runs in a double header. He bunched a pair of his favorite four-base hits in one contest on four occasions, May 11, May 27, June 25 and June 30.

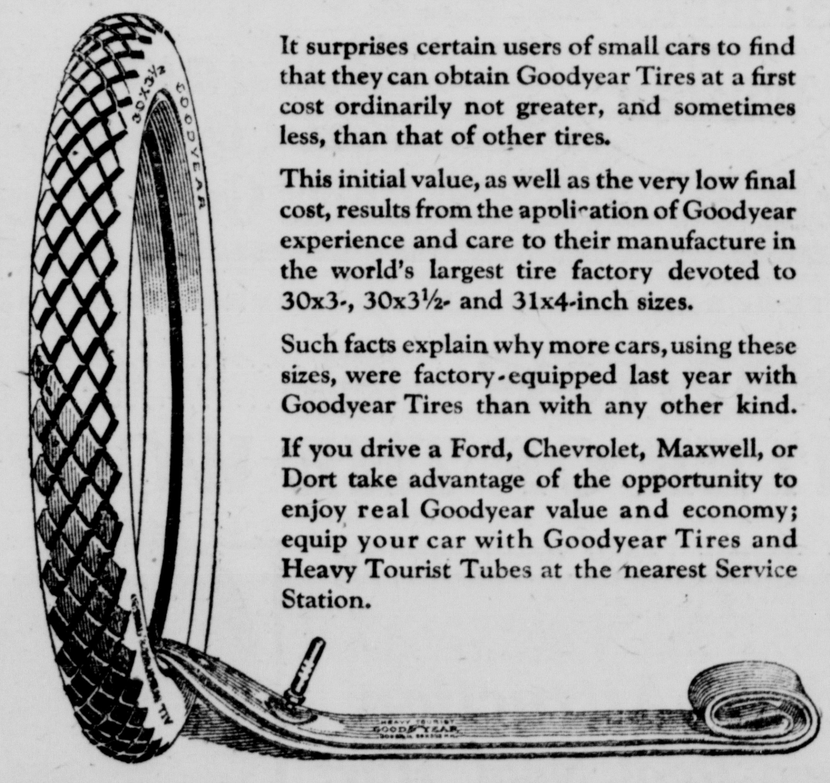
Ride on Goodyear Tires in That Sturdy Small Car of Yours



It surprises certain users of small cars to find that they can obtain Goodyear Tires at a first cost ordinarily not greater, and sometimes less, than that of other tires.

This initial value, as well as the very low final cost, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to 30x3-, 30x3½- and 31x4-inch sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell, or Dort take advantage of the opportunity to enjoy real Goodyear value and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at the nearest Service Station.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread... $21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size *in waterproof bag*..... $4.50

"We have assembled quite a formidable baseball outfit composed mostly of college men who work here in the summer only. Our schedule is complete up to August 1, and we would like to arrange games with East Liverpool clubs for sometime during that month."

The club represents the Canton Sheet Steel nine, managed by B. C. Young.

RUTH EQUALS 1919 RECORD

Knocks Out 29th Homer Yesterday, Beating Browns.

NEW YORK, July 16.—Babe Ruth in the eleventh inning of the game between New York and St. Louis yesterday hit the ball over the top of the right field stand for a home run. The hit not only won the game for the Yankees, 13 to 10, but also equalled Ruth's record of 29 home runs made last year. Ward and Pipp were on base when Ruth made his hit.

Ruth took but little more than half the season to equal his previous record. He failed to pound out a circuit smash in April, but made an even dozen both in May and June. His best performance was in the 13 games from May 23 to June 2 inclusive, in which period he added ten to his total.

His batter day was June 2 when he hit three home runs in a double header. He bunched a pair of his favorite four-base hits in one contest on four occasions, May 11, May 27, June 25 and June 30.

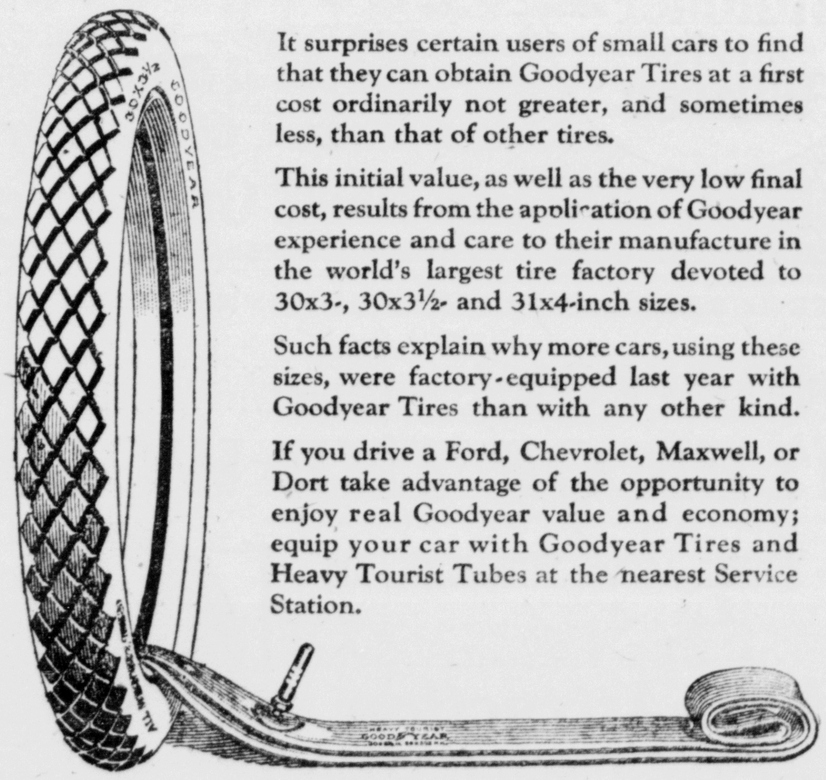
Ride on Goodyear Tires in That Sturdy Small Car of Yours



It surprises certain users of small cars to find that they can obtain Goodyear Tires at a first cost ordinarily not greater, and sometimes less, than that of other tires.

This initial value, as well as the very low final cost, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to 30x3-, 30x3½- and 31x4-inch sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell, or Dort take advantage of the opportunity to enjoy real Goodyear value and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at the nearest Service Station.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50
30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread... $21.50
Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size *in waterproof bag*..... $4.50

OHIO FOOTBALL LOOMING UP BIG

Jim Thorpe's Canton Bulldogs, Champions, Will Face Many Rivals This Fall.

What with presidential politics and professional football, the old Buckeye state will be booming this fall.

The recent announcement that Indian Jim Thorpe again would lead the Bulldogs of Canton, national professional champions, brings a survey that the Tigers of Massillon will not be the only Buckeye rival of the Thorpians, says William Strang, Canton sport scribe. In fact, the champions will have to battle against the Indians of Cleveland as well as the Indians of Akron.

It will be the same lineup of cities in 1920 that made bids for the football laurel defended by Canton in 1919. In Cleveland, Jimmy O'Donnell and Stanley Cofall, ex-Massillon leader, will put their heads together for the purpose of amassing a team that will humble the Red and White of Canton. In Akron, football will be staged at the new athletic park, and a coterie of business men will invest money for the collection of seasoned gridders who they figure talented enough to take the bit out of the Bulldogs' mouth. More than a little bird informed the public recently just where the Tigers of Massillon stand. With new backing headed by F. J. Griffiths, vice president of the Central Steel combine, the westerners will bear watching.

So far, so good—Canton, Massillon, Cleveland and Akron in the football cycle. Who's next? Well, direct optics on Columbus. There one finds that Joe Carr is going to bob up serenely again with the Panhandle team. Never has that combine been able to outscore the Canton corps, but the Columbus corps is one of fighting merit, and a big attraction. So Columbus must be numbered in the list of contenders. Comes a noise from Dayton like that of professional football on such a scale that teams in northern Ohio may have to put up shutters. Last season the Triangles of Dayton got their first touch of just how fast the professional game is in upper Buckeye realms by meeting the Tigers of Massillon. A close contest resulted, and Dayton now figures it time to reach out for an engagement with Thorpe's Canton troupe.

The football frolic in Ohio will not be one for boys. Canton will face sterner opposition than in past seasons which, by the bye, hasn't been of the kid glove sort. With Columbus, Cleveland, Dayton, Akron and Massillon in dead earnest one almost is given to an affidavit Capt. Thorpe will be forced to retract his statement that he will manage an eleven but never again play in a football engagement. Canton's fame as a professional football center is known from coast to coast. Thorpe has a pride in his famous Bulldogs, and with the major league baseball battles as well as the Cox-Harding engagement, Ohio will have a wheel within a wheel when her professional gridiron outfits start responding to the call of signals.
